

LIBERTY FOR IRELAND

Redmond the Great Parnellite Leader
in New York.

TALK TO IRISH-AMERICANS

A Plea for Assistance in the
Struggle for Home Rule—National
League Executive
Committee Meets.

NEW YORK, June 15.—The academy of music was tastefully decorated to-night with the green flag of Ireland and the stars and stripes, the occasion being the reception tendered John E. Redmond, member of parliament, and Parnellite leader. Judge Wadsworth called the meeting to order.

There were cheers when Redmond stepped forward. He began his address with a glowing tribute to Parnell. "Parnell," said he, "preached the doctrine that we Irishmen are the equals of the Englishmen who sought to be our masters. He fought, and even when he had less than a score by his side, defeated each of the great political parties, and finally brought one of those great English parties to admit the justice of his claims. That was the position when I stood on an American platform. What is the position to-day? National unity has been destroyed, the national party distracted, national hopes jeopardized and the national leader is dead. The distracted Irish national party look around in vain for a man fitted to take that place."

Continuing, Redmond appealed to the Irishmen of the United States not to let his party be driven from public life. Then he reviewed his personal efforts to bring about a unity of all, which came to naught through the bitterness of Healy. At the conclusion of Redmond's address a collection amounting to between \$4,000 and \$5,000 was taken up and the following resolution adopted:

Resolved, That the proposal of peace offered by Redmond and Harrington afford a fair means of stopping the strife without injuring the interests of either section; that the earnest and substantial support of the friends of Ireland in America be hereby pledged to the independent Irish party in defense of their national principles, against internal dissection and outside aggression.

THEIR ACTIONS CONDEMNED.

Meeting of the Executive Board of the
Irish National League.

DES MOINES, Ia., June 15.—At a meeting of the executive committee of the Irish National League to-day, the following resolution was unanimously adopted:

Resolved, That we condemn the disunion now existing in Ireland and declare that we will not contribute one cent to either party until they unite, and we also condemn the action of either party in sending a delegate to America, thereby transferring the quarrel to this country.

FAILED TO AGREE.

Conference on the Silver and Harbor Bill
slow to Act.

WASHINGTON, June 15.—The conference on the river and harbor appropriation bill, after being in conference three days, failed to reach an agreement, and have decided to report the fact to the two houses, and ask for instructions. The conference, it is learned, agree upon nearly all points of difference, including the 25 per cent. cut in the first year's appropriations for projects to which the house conferees are willing to accede, but the conferees have disagreed hopelessly upon the two new Oregon and Washington projects. They agree upon both senate amendments, one appropriating \$187,500 for the improvement of the Columbia at Three-Mile rapids, including the construction of a boat railway around the Dalles with authority to make a contract for the completion of the work at a total cost of \$2,672,856, and the other amendment appropriating \$300,000 for the construction of a ship canal connecting Lakes Union and Washington with Puget Sound.

HAND CARS COLLIDE.

A Serious Accident on the Great Northern
near Spear Spoke.

SPOKANE, June 15.—A bad accident occurred on the Great Northern road last evening about thirty miles east of this city. A gang of laborers were returning to camp on five hand cars. They were traveling at a rapid rate, and when near camp, the foremost car jumped the track and the others ran into it, piling them up on the track and bruising a large number of men, five of whom were so badly injured that they were brought to this city and taken to the Sacred Heart hospital.

Those who are badly wounded are: James Shyne, head cut and back and side bruised; Tom Ward, collar bone and right arm broken and injured internally; Patrick Ryan, shoulder dislocated and body bruised; Tom Murray, right hip badly bruised and left foot crushed; Thomas Bourke, back and side bruised. All the men are doing well, and none of them are thought to be fatally injured.

His Neck in Danger.

GUTHRIE, June 15.—To escape mob violence last night, the negro Holley was taken from this city to Oklahoma and lodged in jail. To-day the sheriff received a message from Oklahoma saying the negro must be taken away as violence is likely to be made on his account. The sheriff then sent a deputy to bring the negro back.

About five hundred people gathered at the depot upon the arrival of the train, determined to take the prisoner, but were prevented by the United States marshal and a strong guard, who boarded the train before its arrival here. The negro will now be taken to Lansing, Kan., for safe keeping.

Wants It Doubled.

WASHINGTON, June 15.—The sundry civil appropriation bill as it passed the house appropriated \$90,000 for the enforcement of the Chinese exclusion act. Feared to-day in the senate proposed an amendment increasing the amount to \$120,000.

Charged With Embezzlement.

OMAHA, June 15.—A Bee's special from Central City, Neb., says: S. B. Starrett, the defaulting cashier of the Platte Valley bank which closed a week ago, was arrested to-day on a charge of embezzlement.

Sherman Resigns.

WASHINGTON, June 15.—Thomas H. Sherman, United States consul at Liverpool, has tendered his resignation to the president.

DR. BRIGGS SPEAKS.

He Delivers an Address Before the Pres-
byterian Union at Syracuse.

SYRACUSE, June 15.—Dr. Charles A. Briggs of the Union Theological seminary delivered an address at a banquet of the Presbyterian Social Union of Central New York last night. Dr. Briggs said that during his recent stay on the Pacific coast he refused all invitations to speak or preach or even pray in public, and he had thought he would keep still till fall. His theme was "Protestantism Today." He said it is distinctly understood there can be no unity without diversity. A great many people confound unity with uniformity and attempting to force uniformity really create a division. Unity demands variety and in uniformity there can be none, therefore no unity.

Speaking of the proposed revision of the confession of faith, he said it started suddenly without great leaders, developed a powerful but blind force, showing a popular need of relief from the creed of the seventeenth century. "Shall I tell you what our standard is now?" he asked. "It is theology as taught in the different seminaries, and many of the doctrines of the Westminster confession are wholly ignored. That is why a change is demanded, for consistency must be either a revision or a new creed." Of church unity he said: "If we consolidate the different kinds of churches, I have estimated we could spare 500,000 ministers and save annually \$500,000."

TROUBLE THREATENED.

Iron Workers and the Big Manufacturers
of Pittsburgh.

PITTSBURGH, June 15.—There is a serious disagreement on the wage question between the Amalgamated Association of Iron and Steel workers and the manufacturers, and unless there is a compromise effected there will be a general strike July 1.

The Amalgamated association has completed a scale of prices governing wages in iron mills to-day and the scale was presented to the Pittsburgh manufacturers at a conference this afternoon. The scale is chiefly surprising from the fact that high price workers had their wages cut.

IN A ROUNDABOUT WAY.

Delayed Passengers for Helena Leave
Great Falls.

Special Dispatch to the Standard.

GREAT FALLS, June 15.—Supreme Recorder Sackett of the A. O. U. W. and 23 delegates and most of the delayed passengers, some of whom have been here since Saturday, took the Great Northern east-bound train for Fargo this afternoon, from where they will take the Northern Pacific for Helena.

A special train from St. Paul passed through here to-day carrying a large number of carpenters and railway men and material to repair the Montana Central track in Prickley Pear canyon.

The Hamilton club gave a reception to T. H. Carter, United States land commissioner, last evening.

The river slowly falling.

HELENA'S PLIGHT.

Rain and Floods Deal Severely With
Crackville Folk.

HELENA, June 15.—Helena was visited by another severe rain storm last night. One house was wiped away and its contents scattered over several acres of ground.

The railroad situation is improving. Until to-day there has been but one outlet from Helena east, over the Northern Pacific.

The Great Northern got through to Butte to-day. The situation on the Montana Central is practically unchanged. For a distance of 15 miles in Prickley Pear canyon the roadbed and bridges are gone. All the telegraph poles have been washed out between Silver and Craig, so it is impossible to get any news except by way of St. Paul.

A Letter From Our Mr. Mann.

BOSTON, May 23, 1912.

"As I have consented to take the product of the factory you will need to make room for the goods at once."

IRA O. MANN.

By the death of a near relative the house comes into possession of the production of a large factory, making men's, women's and children's shoes, 50,000 pairs now manufactured and a large amount of stock on hand to manufacture, and to make room for these goods the present stock will be sold at greatly reduced prices. Now is your time to get your footwear at a low price. No old shoddy or shoddy goods, but all are fresh, clean goods. Call and see us and get prices. At the Old Reliable boot and shoe house of Ira O. Mann, 45 West Park street.

Real Estate Transfers.

BUTTE, June 15.—The following transfers were recorded at the office of the county clerk since our last report:

JAMES W. FORBIS and wife to Dan Torrey, deed to block 15 of lot 31, block 25, and one-half interest in the west half of the Forbis block. \$500.00

James C. E. Robinson to Patrick Kirby, one-fourth interest in the Golden chapel lot claim. 500.00

John W. Forbis and wife to John Noyes, a portion of the Nellie addition. 750.00

William White and wife to Dennis Sullivan, lot 10 block 7, Rump's addition. 300.00

Mineral Locations.

BUTTE, June 15.—The following miners' locations were filed for record to-day in the office of the county recorder:

Calumet lode, unorganized district, by Thomas Barker.

Stella lode, Divide creek district, by Aug. C. Bartlett.

Lydla lode, Divide creek district, by John Guedelhoefer.

Lizzie lode, Divide creek district, by Christopher Rissberger.

Lawrence lode, unorganized district, by John H. Vogel and others.

Cruelty to Animals.

BUTTE, June 15.—Joseph Copperi, an ore hauler, residing at Meadville, was arrested to-day on a warrant issued by Judge Eddy, charging him with cruelty to animals. Copperi is accused of working an old horse so poor and emaciated as to be scarcely able to walk, and in addition the animal's shoulders are so sore that the blood oozes from its collar. This is the second time that Copperi has been arrested for the same offense.

For everything in the music line call on or address The Sherman Music company, 125 North Main street, Butte.

AMONG THE WRESTLERS.

Another Tournament Will Be Held Soon
in Butte.

BUTTE, June 15.—The wrestlers who failed to win prizes in the tournament which closed last night, will soon have another chance to try their skill and luck, as Jack King, the heavyweight champion, has decided to give a tournament on July 2 and 4, inclusive, which will be free to everybody. In order to give the local champions who refused to wrestle in the Centerville tournament no cause for refusing to enter, King will not contest for any of the prizes but will give all his time and attention to managing the event. Four prizes will be hung up, \$100, \$75, \$50 and \$25. The tournament will take place in the basement of the Milwaukee beer hall, which will be thoroughly remodelled and repaired for the occasion.

To settle a dispute growing out of the Centerville tournament, Albert Kitto and Jim Sellers have made a match for \$50 a side, to take place at the Milwaukee beer hall next Saturday night. Kitto was one of the contestants in the tournament, but Sellers was not. This afternoon they met and got into a heated argument relative to their respective merits as wrestlers, and to settle the question it was decided to wrestle for money as well as glory and the edification of a crowd.

OUT IN THE COLD.

A Letter from One of the Teachers Who
Was "Dropped."

BUTTE, June 15.—One of Butte's teachers sends the following communication to the STANDARD:

In view of the fact that several of the teachers in our public schools had not applied for positions for the coming year—because they refused to teach under the present administration of the board—I wish it stated that several of those who were not reappointed did not wish or apply for the position.

Some of the teachers who have done the best work are the ones thus "dropped" by the board. I do not think it worth while to announce the fact that the teachers themselves would not hold positions under the present management, but by not mentioning their names I am depriving the public to suppose they were not reappointed because they (the board) did not think them competent.

The summer normal force is to be one of the necessary adjuncts to obtaining a position in the Butte schools, and highly intelligent men argue that the teacher who can not learn from his "summer normal"—and help pay his expenses—must necessarily be an inferior teacher to become the instructor of the Butte youth.

FROM GETTYSBURG.

Unique Mementoes From the Famous
Battle Field.

BUTTE, June 15.—H. A. Shields received two unique mementoes from the battle field of the late unpleasantness by express this afternoon. The relics are in the shape of canes cut from the battle field at Gettysburg, where Mr. Shields' father is in charge of the national cemetery. Imbedded in the head of one of the canes, which was carved from an oak of apparently good size, is a musket ball, badly battered and with a hole through the middle of wood. The other cane is a good-sized hickory club. The sticks are covered with carvings representing the different battle monuments erected by the state regiments of the soldiers which were engaged in that memorable battle. The oak cane was cut on Culp's hill, while the hickory grew on Little Round Top.

IN POLICE COURT.

Sinners Arraigned Before Judge McMur-
phy Yesterday.

BUTTE, June 15.—In the police court Mr. and Mrs. Pat Burns, whose many domestic law suits have furnished business for almost every justice in the county, were up for disturbance. Mrs. Burns pleaded guilty and was fined \$5 and costs. Pat, who stood charged with two offenses, disturbance and assault and battery, pleaded not guilty. Mamie Suprenant, the notorious, was fined \$5 and costs for disturbance, as was also Carrie Neal, a huge colored madame of Helena street. James Smith and F. Patterson were fined \$10 and costs for vagrancy. Charles Henderson and James Henderson were fined \$5 and costs for indecent exposure. F. Grant was the only drunk and he was sent down to work out \$1 and costs.

La Belle Creole.

BUTTE, June 15.—Burlesque stands in about the same relation to drama that Christmas does to other holidays—it is far and away the best and most enjoyable. A good burlesque given by good people is a rich treat indeed, and such a treat is now in store for the play goers at Maguire's, where Sam T. Jack's Creole Burlesque will hold forth for two nights and Saturday night, commencing Friday. This universally popular company comes with many added attractions, new music, new scenery, new dances, new wardrobe, new everything in fact, and the bare announcement of its coming will doubtless cause a rush at the box office. Take it slow boys, there will be room for you all if you get there early, but if you can't conveniently get there early then go on a rush, but don't miss La Belle Creole whatever you do.
